STUDENT ENRICHMENT PROGRAM (SEP)

The Student Enrichment Program was organized by the Department of English, Chikkanna Government Arts College, Tirupur with Dr. R. Sumathi from Kongunadu Arts and Science College, Coimbatore as the Resource person of the day on 08.08.2022 at the Seminar Hall, E-Block, CGAC. The Program has begun with the Welcome address by our Head of the Department Dr. K. Brindha who has welcomed and introduced the Guest, followed by Dr. Ruby Christie who has detailed the academic excellence and research expertise of the speaker. Then the Resource person Dr. Sumathi has elaborated her topic and shared her thoughts on Patriotism.

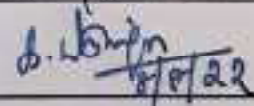

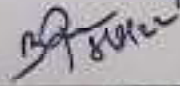

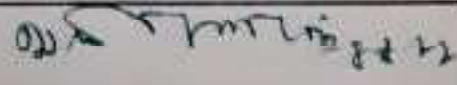

It was an enlightening and interactive session with Dr. R. Sumathi who has inspired the students with her thought provoking ideas on "Patriotism beyond Politics and Religion". With her distinctive thought on Patriotism being dissimilated from the grounds of ever relative Politics and Religion has created a change of path in one's understanding towards this idea. With her simplified language use and exemplification of ideas with real life examples was well received by the students and it was apparent

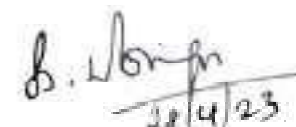

through the dedication and involvement of the students during the lecture. The resource person has cleared the doubts and queries raised by the students and she has also opened up the ways for new research possibilities in this area of study which was helpful for the post graduate students and research scholars. Finally the program ended with the vote of thanks.

24/11/2022 - Thursday

This is the 2nd time I am visiting
a Govt College as a guest lecturer.

I find the ~~feel~~

I found a sense of brotherhood
at the dept of Chemistry which was
reflected in the behavior of students.
I was very impressed with the
principal of your esteemed college
who ~~and~~ seems to have a fan follow
in the students community.

The students were very patient and
very well behaved even though my
date crossed their lunch time.

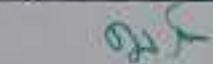

This reflects the quality of the ~~act~~
administration, the faculty and the
students community.

I wish the govt can give more
funds to develop the college,
which I am sure will be a worthy
investment.

I wish the ~~the~~ Chemistry dept
and the entire administration all the
best for their future endeavours.

ABOUT THE COLLEGE

Tiruppur City is recognized as "Koitivottu capital of India" and is a major tourism destination for the state of Tamil Nadu. The memorable celebrities Mr. S. Ramaswamy and Mr. K. N. Palanisamy with their team members initiated the establishment work for the college during July 1966. In continuance of this "Chakravala Charitra Trust" donated money for the college establishment. On Remembrance of this charity, the college was named as Chakravala Government Arts College. The college started functioning with the mid-station classes, at Devanagar puram Co-operative society building in the year 1966. The primary aim of the institution is to provide quality education, with focus on the learners from the downtrodden sections of society and the majority of the students being first generation learners.

ABOUT THE DEPARTMENT

The Department of Mathematics was established in the year 1980 as a Government aided programme. The department is offering B.Sc Maths in Tamil as well as English medium, admitting students of both genders. During the year 2004-05 M.Sc programme was started as a self-financing course and later it became a full-fledged Government aided Programme in 2006-07. During the year 2014-15, the research programmes M.Phil and Ph.D. [ET/PI] courses were held. There are eleven faculty members in the department actively engaged in bringing up the students by enlightening them with recent advances in the field of Mathematics.

their chosen field of interest that will help them achieve their career goals. The chief minister of Tamil Nadu launched an ambitious skill development scheme called the Tamil Nadu Naan Mudhalvan Scheme on March 1, 2022. Through this scheme, the government is going to equip 10 lakh young people across the state annually with skills that will help them realize their talents for the benefit of the country. Through this scheme, academic guidance will be provided to talented students in government-run and state educational institutions. This scheme will identify the talents and train the students, which will ultimately help them get a better career. Through this scheme, spoken English lessons will be provided for the students so that they can face the interview panel successfully.

V. Workshops and Seminars

The cell organized several workshops and seminars featuring industry experts and alumni. Topics ranged from resume building and interview skills to emerging career opportunities in different fields.

Career Fairs (Mega Job Fair)

The Tamil Nadu Government Employment Exchange and Chikkanna Government Arts College jointly organized a job fair by inviting a number of companies from diverse industries. This event allowed students to interact with potential employers, submit resumes, and explore internship and job opportunities.

VI. Alumni Interaction

The cell facilitated interactions between current students and alumni who have established successful careers in various fields. Alumni shared their experiences, offered guidance, and provided valuable networking opportunities for students.

VII. Future Plans

Looking ahead, the Career Guidance Cell aims to expand its reach and offer more specialized career guidance services. This includes developing partnerships with additional companies, hosting industry-specific events, and introducing mentorship programs.
