ERP document

Chikkanna Government Arts College uses an MS office application system to manage and automate all of its administrative, academic, and other responsibilities. Several resources, including our own website, the website of the institution, the website of the state government, and free online software, are used to assist with it.

Implementation of ERP in Academic Process

1. The teaching-learning process was somewhat automated in the following areas. (Staff's & Learners)

- For Syllabus, lesson plan, scheduling of classes, instructional tools and techniques, student database, and development of educational materials, we use online software.
Student performance (used to track student performance; includes daily, weekly, and master attendance).
- Activities related to providing help to students, such as entering internal marks, compiling and converting internal marks, creating log-in emails, paying fees online, selecting open electives and feedback systems, and creating student Android apps.
Activities related to staff payroll.
- Administrative Area (which includes Transfer certificates, Admission etc.,).
- Finance area: Payroll, online fee payment, accounting and report generation and ERP-based money mobilization

2. Library Services Partially Automated

3. Office and administrative tasks that are partially automated (such as the creation of different reports, payroll, fees, exams, admission, etc.)

Council meeting held on 18.3.2020 at 11:30 am at Principal's Chamber. The minutes of the meeting are as follows:

1. As per the instructions received by the government till 31st there ~~is~~ no model exam. If we receive any communication from govt further instructions will be given.
2. Convocation stands postponed. If possible it will be conducted on April or May.
3. FDP program also is postponed.
4. Timetable for the next semester has to be submitted with (subject and individual allotment) ~~and~~ by March 27th, 2020.
5. 21.3.20 and 28.3.20 are declared as holidays.
6. The alumni fund can be paid in alumni account before the last working day.
7. The council unanimously decides and recommends the principal to take appropriate action to prevent and stop allocation of college land to the district sports authority due to the following reasons.

a) There are proposed new buildings to be constructed for existing and new courses.

b) As per the AUCRF, NAAC ^{and RUSA} the college has to meet certain infrastructural development like administrative block, library block, women's amenities block, sports complex, Examination block, parking sheds etc., For upgradation of these facilities the existing land is required.

c) An MoU has already been signed with the district sports authority for 5 acres during year 2014 for the construction of district sports stadium.

Due to the above stated reasons the council unanimously opposes the attempts made by district sports development authority to acquire college land.

 - b. As per the NLRf, NAAC and RUSA the college has to meet certain infrastructure development like administrative block, library block, women's amenities block, sports complex, Examination block, parking sheds etc....., For upgradation of those facilities the existing land is required.
 - c. An MOU has already been signed with the district sports authority for 5 acers during the year 2014 for the constructions of district sports stadium.

Due to the above stated reason the council unanimously opposes the attempts made by district sports development authority to acquire college land.

Annual e-governance report 2018-19

Chikkanna Government Arts College, Tiruppur. 641 602

Policy Document – e governance usage

The implementation of ERP software aims to serve e-governance across all administrative, academic, and planning domains.

Statement of Policy

The mission of Chikkanna Government Arts College is to decentralize and workforce participation in many administrative, financial, and exam-related domains. Numerous time-consuming tasks include managing admissions, maintaining databases for instructors and students, administering exams, handling finances. ERP software improves smooth functioning of the system.

Scope of the policy

E-Government uses modern technologies to improve the Institution's governance structure in the fields of academics, examinations, finance and accounts, student admission, administration, and ICT infrastructure management. This policy covers the use of the institution's electronic resources by all faculty, staff, students, and other community members who access or use the resources in a controlled manner. The purpose of the policy is to guarantee that all electronic resources (e-resources) and information technology (IT) supplied by the organization are used responsibly and securely.

Objective of the Policy

- Implementing e-governance is the main goal in order to streamline duties and provide efficient administration.
- To promote accountability and openness in all college operations.

- For all objectives, including admissions, workload, scheduling, internal evaluation, examination, attendance, result analysis, and financial management, to automate, transfer, and analyze data or information.
- To offer immediate access to educational resources using infrastructure that is ICT enabled.

Policy Guidelines

For efficient administration, the following components must be supported by the ERP software.

ICT Infrastructure and Academics

Students will use the internet to access the library's resources. We use google classroom to allow users to upload study materials, homework, quizzes, and discussion forums.

Examination Procedures

Since parent institution affiliated by Bharathiar University, we abide the rules, regulations and procedures of the Bharathiar University. The software will update the marks from the continuous assessment, which students can monitor.

Management

Since our institution is government run institution, details about faculty salaries is managed by IFHRMS software. To achieve this, Government of Tamil Nadu implemented Integrated Financial and Human Resource Management System (IFHRMS) through Finance Department to optimise and manage the State finances with the help of technology.

Students' and employees' access to library resources will have its own module in the software.

This software needs a dedicated module for managing finances.

Students Admission

Tamil Nadu Government Arts and Science Colleges Admissions (TNGASA) is an online process that includes registration, payments, choice filling, and printing application. This is a unified portal that can be used to apply for one or more colleges among the 164 Government Arts and Science Colleges in Tamil Nadu. Candidates are requested to thoroughly read the instructions provided here for the successful completion of their counseling and admissions.

Policy Procedures

To access IT resources, each user is given a unique login ID and password. Students are offered free laptops by Government of tamilnadu. Desktop are offered to staff members for usage on college property.

For the purpose of using computers and laptops on the campus of the institution, students are issued special credentials.

Policy Outcomes

In academic module, students attendance report, CIA assessments and course information's are managed through Microsoft Office.

Financial and Accounts module is facilitated by IFHRMS.
